Why Aren't More People Selling Their Homes?

Demand for homes is skyrocketing, but lack of sufficient supply is driving high home prices ever higher, forcing some homeowners to stay in their current homes, thus exacerbating the problem even further.

Fannie Mae Now Allowing Lenders to Contribute to Borrower Closing Costs

While it's not quite the same as the down payment assistance that the government-sponsored enterprises used to allow, lenders now have a new way to help borrowers buy a home - closing cost assistance.

Blockchain Can't Protect Property Rights, but Title Insurance Can

Blockchain technology holds infinite possibilities that could help make current processes in our industry and society more efficient; however, it will never be able to do what title insurance professionals do each day: provide peace of mind and protect property rights.
